(LAC 50:V.1703)

The Department of Health and Hospitals, Bureau of Health Services Financing amends LAC 50:V.1703 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:953(B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Bureau of Health Services Financing promulgated an Emergency Rule which amended the provisions governing inpatient hospital services to establish supplemental Medicaid payments to non-state owned hospitals in order to encourage them to take over the operation and management of state-owned and operated hospitals that have terminated or reduced services. Participating non-state owned hospitals shall enter into a cooperative endeavor agreement with the department to support this public-provider partnership initiative (*Louisiana Register*, Volume 39, Number 11). The department now proposes to amend the provisions governing reimbursement for supplemental Medicaid payments for inpatient psychiatric hospital services provided by non-state owned hospitals participating in public-private partnerships.

This action is being taken to promote the health and welfare of Medicaid recipients by maintaining recipient access to much needed hospital services. It is estimated that implementation of this Emergency Rule will result in an estimated savings of \$2,616,083 to the Medicaid Program for state fiscal year 2012-2013.

Effective January 2, 2013, the Department of Health and Hospitals, Bureau of Health Services Financing amends the provisions governing supplemental Medicaid payments for inpatient hospital services provided by non-state owned hospitals participating in public-private partnerships.
